

## DENTISTS DEBATE OVER QUESTION OF COLLEGE ENTRANCE

Charge Made That Traffic in  
Certificates Exists in  
Certain States.

Delegates to the convention of the Association of Dental Examiners held a lively debate today over the question of qualifications of students for entrance to dental colleges. The examiners do not run the colleges, but when the college graduates come before the State boards seeking license to practice the examiners have complete power. It is charged that at present a traffic in entrance certificates exists in some States and that many students enter colleges who are by no means fit to study dentistry.

Debate today centered around the recommendation of President T. E. Turner that every college entrant offer what is known as fifteen Carnegie units, the requirements recommended by the Carnegie Foundation. The committee reporting on the recommendations of the President would make this even more strict. Final action was not taken at the morning session. Dr. J. P. Stiff of Frederick, Md., and Dr. C. W. Cuthbertson of Baltimore, Dr. C. W. Hetrick of Kansas were among the many who talked earnestly on the subject.

A tangle in parliamentary procedure threatened at one time, but it was unraveled by Dr. J. H. Wallace, of Omaha, who is vice president of the association, who was presiding. A motion to table the matter for a time finally carried. Before today's session ended, however, some reform along the line indicated is certain to be voted.

Delegates to the convention of the Association of Dental Colleges were holding a meeting in another room at the Willard again today simultaneously with the examiners. The college representatives got into a lively debate themselves. Dr. T. W. Brophy, of Chicago, brought up a four-year-old resolution to the effect that credit for advanced standing be allowed students who can pass the examinations, whether or not they have taken the work at any institution of learning. Dr. Brophy asserted that other than dental colleges allow this to be done and he was challenged by Dr. B. Holley Smith, of Baltimore, who asserted that no college or university save the University of Virginia would do as Dr. Brophy said they would.

The college delegates heard a report from Dr. J. D. Patterson, of Kansas City, who told of case after case of foreign students who ask for credit in American dental colleges on work done abroad. The answers in the specific cases were told to the convention.

The dental examiners were guests last evening at an elaborate banquet at the New Ebbitt. Dr. Starr Parsons, of the District, presided and twenty or more responded to toasts.

Bishop Harding will give the invocation when the convention of the National Dental Association begins next Tuesday morning at the New Willard. Commissioner Cuno H. Rudolph is on the program for the address of welcome, and Dr. Frank O. Hetrick, of Ottawa, Kan., is to respond. The address by President A. R. Melendy, of Knoxville, Tenn., will follow.

## SEEK MORE FUNDS TO HELP ENTERTAIN TWO HEALTH BODIES

Trade Committee Launches  
Campaign to Raise Money.  
\$1,097.50 in Hand.

Extraordinary efforts were commenced today to complete the fund for the entertainment of the delegates to the Fifteenth International Congress on Hygiene and Demography and the convention of the American Public Health Association, at a meeting of the joint committee of the Chamber of Commerce and Board of Trade, held at the rooms of the latter this afternoon.

John Dolph, chairman of the committee, and Dr. William C. Woodward, secretary, were authorized to call upon the president of the Retail Merchants' Association, Joseph Straubinger, to request that organization to make a special canvass among its members for funds, and Mr. Dolph, Dr. Woodward, and William F. Gude were designated to call upon the hotels for contributions. Other measures were adopted looking to a quick conclusion of the fund-raising campaign.

E. S. Wolfe, acting chairman of the subcommittee on finance, announced the receipt of a subscription of \$100 from the New Willard Hotel, and subscriptions totaling \$7 more since yesterday, making the fund now in hand \$1,097.50.

The committee will hold another meeting Tuesday, at noon, at the rooms of the Board of Trade.

Inasmuch as the convention of the American Public Health Association opens on September 18 and the con-

gress convenes September 22, the committee has but a short time in which to complete arrangements. It was also pointed out by John Dolph, chairman of the committee, that the program cannot be completed until the committee knows how much it will have to spend. Plans have already been made for expenditures more than double the amount of subscriptions now in hand.

## DISTRICT SUFFRAGE WILL BE TOPIC OF ADDRESS TONIGHT

Dr. Thomas E. Will to Be  
Speaker Before "The  
People's Forum."

Dr. Thomas E. Will is scheduled to make two addresses again tonight at "The People's Forum," Eighth street and Pennsylvania avenue southeast, in favor of the right of suffrage and self-government for the residents of the District.

The speech in the northwest section will be made at 8 o'clock. On its completion an automobile will convey the speaker to the forum in the southeast.

Similar speeches were made last Saturday night by Dr. Will.

"So much interest has already been stirred up in this matter that I feel very much pleased. The interest has become so great," said Dr. Will, "that more speakers are needed and I am assured that when the speakers come forward there will be plenty of automobiles to take them about the city. We are now planning a series of short speeches. One speaker will go from one crowd to another, talking for twenty or thirty minutes, and then proceeding to the next crowd."

"There is no reason in law or common sense why the people of the District should not govern themselves. When they are thoroughly awake I expect to see the people of the rest of the country bring pressure to bear on Congress to help our fight."

## TAFT FAMILY BACK IN SUMMER HOME

President and Wife Entertain Political Workers At  
Beverly.

BEVERLY, Mass., Sept. 7.—President Taft and the party that was with him at New London arrived here on board the Presidential yacht Mayflower today. The yacht was anchored off shore opposite the Taft summer home and the President went ashore.

The President and Mrs. Taft entertained at luncheon today. Chairman C. D. Hiles, George R. Sheldon, treasurer of the Republican national committee; Charles F. Brooker, Connecticut member of the Republican national committee; J. Henry Roraback, chairman of the Connecticut state committee; C. H. Clark, editor of the Hartford Courant.

## HAYES SAYS WALDO GAVE HIM ORDERS TO CEASE ARRESTS

Planned to Stamp Out Vice,  
He Charges, Till Superior  
Called Him Off.

NEW YORK, Sept. 7.—Cross-examined by Assistant Corporation Counsel Farley today at his trial on the charge of making false statements to a superior officer, former Inspector Cornelius G. Hayes accused Police Commissioner Waldo of having interfered with his work.

Hayes said that when he went to the Fourth inspection district from the First, where he had made a reputation for stamping out vice, he decided to pursue the same tactics in the new district as in the old one.

"What happened while you were carrying out this policy," he was asked, "Orders from the commissioner that I was to make no arrests as long as things were outwardly quiet," replied Hayes.

"What do you think is the best manner of stamping out these disorderly houses?" queried Farley.

"Well, when I went to the Fourth district I thought the houses ought to be receiving orders not to close them. I changed my policy."

"If it was your belief that they ought to be closed," said Farley, "why did you not close them?"

"Because," answered Hayes, "I supposed that when a superior officer gave an order the superior officer knew what he was about and it was up to me to obey."

## SHERMAN NOT ILL, DECLARES OFFICIAL

Secretary Reynolds, of National  
Committee, Says Report Is  
Without Foundation.

NEW YORK, Sept. 7.—"The report that Vice President James S. Sherman's health has broken down and that he will have to retire as the Vice Presidential candidate is an absolute canard manufactured out of whole cloth," declared Secretary James B. Reynolds, of the Republican national committee today.

"Such a report is so ridiculous it ought not to be dignified with a denial."

**Motorcycle Stolen.**  
The theft of a motorcycle, valued at \$200, was reported to the police today by Robert McLeod, of 124 Thoms street northwest. The machine was taken from in front of the new City Post-office, North Capitol and G streets northwest.

## COUPLE FOUND DEAD IN SUMMER COTTAGE

Mystery In Deaths of Rich Mahogany Dealer and His Wife.

PORTAGE LAKE, Me., Sept. 7.—Coroner William F. Buzzell today began an investigation into the deaths of Daniel G. Emery, a rich mahogany dealer of Newton, Mass., and his wife, who were found dead in the summer cottage here last night, after having been dead since Wednesday.

Emery evidently strangled his wife with his bare hands. Emery's action although not unusual enough to excite comment, had been queer for a week before the tragedy.

Emery, who was forty years old, was born in Indianapolis, Ind., where his father, G. M. Emery formerly owned a large wood industry. The slain woman was his second wife. Emery fell in love with her while she, as a trained nurse, attended him during a severe attack of illness two years ago. Emery's first wife secured a divorce. She lives in Indiana.

## Famous Stage Beauty Buried in Potter's Field

CHICAGO, Sept. 7.—Carrie Meyers, "Beauty Carrie," who twenty years ago was the prettiest and most noted of the city, will be buried today by the county, in Potter's field.

The once popular and beautiful actress, who was the hit of the famous "Black Crook" company, is the victim of morphine. Her husband, to whom she was married six years ago, broken in health and penniless, leased a quarter from a neighbor for car fare to attend the last rites.

On September 4 she was arrested, a slovenly, feverish-eyed woman. She had no money to pay the fine of \$10 imposed, so she went to the Bridewell. Three days in a cell without morphine drove her insane, and on the third day she died. Today her identity came to light.

The sheriff's wife ran to his assistance, using a revolver with accuracy and effect. Without other aid the sheriff marshaled the prisoners and marched them back to their cells.

The prisoners had used an iron pipe to pry off the bolt from the outside door. They passed out through the roof, and reached the ground by knotting several blankets together and suspending them from the roof.

## Sheriff and Wife Stop Attempted Jail Break

OCILLA, Ga., Sept. 7.—Sheriff W. A. Tucker and his wife stood off a dozen colored jail breakers yesterday, wounding four of them and succeeding in driving all but one back to their cells. This one, held for a misdemeanor, made his escape. He is supposed to be wounded.

The sheriff was aroused by the baying of a dog in the yard. When he reached the yard all the prisoners were at the gate, which they were trying to force. They showed fight, and the sheriff opened fire.

# CHEVY CHASE

## "The Best Suburb of the National Capital"

During the month of July we published a series of reasons why you should buy and build in Chevy Chase. One day this week a representative of this firm happened to be in the office of one of the local newspapers and overheard the remark in reference to this series: "What other section around Washington could begin to furnish the basis for so many good arguments?" This so impressed us that we publish herewith the complete series of "Reasons" in the belief that you will be interested in having them all before you at one time.

- |  |   |   |  |
|--|---|---|--|
| <p><b>No. 1.</b><br/>The activity in Chevy Chase is not the exploitation of a single subdivision—it is the certain and sure development of a section.</p> <p><b>No. 2.</b><br/>Washington is growing faster in that direction than in any other, yet the growth is healthy and unforced.</p> <p><b>No. 3.</b><br/>The approach to Chevy Chase is through Washington's most exclusive residential section. There is no poorly built section through which to pass.</p> <p><b>No. 4.</b><br/>The population is composed of the kind of people you want as neighbors, high grade professional and business men.</p> <p><b>No. 5.</b><br/>The constantly increasing demand for suburban homes in preference to city residences makes advance in price a matter of certainty. Demand makes price.</p> <p><b>No. 6.</b><br/>Its location insures its healthfulness. Chevy Chase Circle is the highest point on Connecticut Avenue. Elevation 350 feet.</p> | <p><b>No. 7.</b><br/>It is beyond question Washington's most beautiful suburb. Hence the name, "The Suburb Beautiful."</p> <p><b>No. 8.</b><br/>The ideals upon which Chevy Chase was founded were high. The development of the section has been maintained upon that plane.</p> <p><b>No. 9.</b><br/>Washington must become one of the great Capitals of the earth. Chevy Chase is its choicest residential suburb.</p> <p><b>No. 10.</b><br/>The best judges of realty values—men in the business—have given Chevy Chase the stamp of their approval by buying there.</p> <p><b>No. 11.</b><br/>Nature was lavish in her treatment of the "Suburb Beautiful." And Nature has been ably assisted by the owners.</p> <p><b>No. 12.</b><br/>The car service is second to none in the world, and far ahead of that of any other suburb of the National Capital.</p> | <p><b>No. 13.</b><br/>The building restrictions, while reasonable and just, prevent the erection of cheap and inferior houses. Every good house adds value to adjoining lots.</p> <p><b>No. 14.</b><br/>Comparing the features throughout the prices in Chevy Chase are actually lower than in any similar suburb in the country.</p> <p><b>No. 15.</b><br/>Chevy Chase has every city convenience, coupled with every suburban charm.</p> <p><b>No. 16.</b><br/>Chevy Chase is for homes. The home-building buyer is encouraged and assisted.</p> <p><b>No. 17.</b><br/>The streets and sidewalks are the highest type of construction, the streets macadam, the sidewalks granolithic.</p> <p><b>No. 18.</b><br/>The entire section is being developed along lines which insure permanency. It is not a mushroom growth.</p> <p><b>No. 19.</b><br/>Washington never has had nor will it have a general slump in realty values. Practically any Washington real estate is a good buy, and Chevy Chase is its best section.</p> | <p><b>No. 20.</b><br/>The proximity of the two great country clubs—the Chevy Chase and the Columbia, insures the continuance of its position as the center of Washington's suburban social life.</p> <p><b>No. 21.</b><br/>A standard of excellence which is imitated throughout the country has been established there. You can get the original.</p> <p><b>No. 22.</b><br/>The value at Chevy Chase are staple. Even during financial depressions a continuous sale of lots is kept up and values maintained.</p> <p><b>No. 23.</b><br/>Whenever any one has been forced by unforeseen circumstances to sell, he has invariably made a profit.</p> <p><b>No. 24.</b><br/>Chevy Chase has a wholesome community life which the city, by its very nature, cannot have.</p> <p><b>No. 25.</b><br/>Every home in the entire section is a credit to its neighbor as well as a credit to the suburb.</p> <p><b>No. 26.</b><br/>Nothing succeeds like success. Chevy Chase is a success because it is what people of refinement want.</p> |
